```
Waited to attack and slaughter the families left behind.
                                                                   21. 00:08:33,789 --> 00:08:37,849 【肯定陈述句】【简单句】
                                                                                                                             美国人民很快就会熟知这位钢铁爱国者。
                                                                                                                             The American people will soon know him as the Iron Patriot.
                                                                   22. 00:09:45,679 --> 00:09:48,999 【肯定陈述句】【简单句】
                                                                                                                                     你多久没睡个好觉了?
                                                                                                                                     When's the last time <u>you got a good night's sleep?</u>
                                                                   23. 00:10:45,572 --> 00:10:47,159 【特殊疑问句】 【复合句:表语从句】
                                                                                                                                              我只是说 用人的部分可用机器代替人比机器脆弱得多,也是我们最大的弱点。
                                                                                                                                              What I'm saying is that the human element of Human Resources is our biggest point of vulnerability.
                                                                   24. 00:12:30,812 --> 00:12:33,920 【肯定陈述句】 【复合句: 主语从句+表语从句】
                                                                                                                             见到你真高兴, 基里安。
                                                                                                                             It's very nice to see you, Killian.
                                                                   25. 00:13:49,005 --> 00:13:50,639 【肯定陈述句】【简单句】
                                                                                                                                    而这里空间充足,也就是说人类的大脑和 DNA 系统,注定要升级换代。
                                                                                                                                    This is essentially an empty slot, and what this tells us is that our mind, our entire DNA in fact, is destined to be upgraded
                                                                   26. 00:15:31,212 --> 00:15:34,459 【肯定陈述句】 【并列句 + 复合句】
                                                                                                                                      你最好多关心关心这里的情况。
                                                                                                                                      You should take more of an interest in what's going on here.
                                                                   27. 00:17:01,192 --> 00:17:02,572 【肯定陈述句】【复合句: 宾语从句】
                                                                                                                                     这女人是你最该珍视的。
                                                                                                                                     This woman is the best thing that ever happened to you.
                                                                   28. 00:17:03,479 --> 00:17:04,872 【肯定陈述句】 【复合句: 定语从句】
                                                                                                                                      我也想你 想念以前的你
                                                                                                                                      Yeah, I miss you too but the way it used to be.
                                                                   29. 00:12:30,812 --> 00:12:33,920 【肯定陈述句】【复合句:定语从句】
                                                                                                                                      我都不知道你近况了。
                                                                                                                                      I don't know what's going on with you anymore.
                                                                   30.00:17:18,787 --> 00:17:20,072 【肯定陈述句】 【复合句: 宾语从句】
                                                                                                                                       貌似人事部有个女的在偷墨盒。
                                                                                                                                       I think there's a gal in HR who is trying to steal some printer ink.
                                                                   31. 00:17:23,439 --> 00:17:24,725 【肯定陈述句】 【肯定陈述句 + 复合句】
                                                                                                                                      想象下,你能黑掉任何生物的硬盘并给它的 DNA 重新编码。
                                                                                                                                      Imagine if you could hack into the hard drive of any living organism and recode its DNA.
                                                                   32. 00:17:29,872 --> 00:17:32,249 【祈使句】【复合句:条件状语从句】
                                                                                                                            可惜,它也极可能运用于武器。
                                                                                                                            Unfortunately, to my ears it also sounds highly weaponizable.
                                                                   33.00:17:38,279 --> 00:17:42,045 【肯定陈述句】【简单句】
                                                                                                                                                      可现在不一样了,另有天才执掌高位,她不归托尼管也不像他那般自大。
                                                                                                                                                      But something tells me now there is a new genius on the throne, who doesn't have to answer to Tony anymore and who has slightly less of an ego.
                                                                   34. 00:17:55,099 --> 00:17:56,689 【肯定陈述句】【并列句 + 复合句:宾语从句+定语从句】
                                                                                                                                              说实话,我很失望,但就像我父亲说过的"透过失败的迷雾能看到成功的曙光"。
                                                                                                                                              I can't say that I'm not disappointed, but as my father used to say, "Failure is the fog through which we glimpse triumph."
                                                                   35. 00:18:12,959 --> 00:18:15,112 【肯定陈述句】【复合句: 宾语从句+定语从句】
                                                                                                                                            很深奥, 我都没听懂什么意思。
                                                                                                                                            It's very deep, and I have no idea what it means.
                                                                   36. 00:18:20,692 --> 00:18:24,145 【肯定陈述句】 【并列句 + 复合句: 宾语从句】
                                                                                                                                      看到了。怎么会看不到呢那么大的圣诞礼物。
                                                                                                                                     Yes, I did. I don't know how I could have missed that Christmas present.
                                                                   37. 00:19:43,902 --> 00:19:45,715【否定陈述句】【复合句:宾语从句】
                                                                                                                                             我还是去车库看看吧,找撬棍撬开这玩意儿?
                                                                                                                                             Why don't I run down to the garage and see if I can't find a crowbar to jimmy that thing open?
                                                                   38. 00:17:38,279 --> 00:17:42,045 【特殊疑问句】【并列句 + 复合句:宾语从句】
                                                                                                                                                 我之所以还没崩溃只因为你搬进来了。
                                                                                                                                                 The only reason I haven't cracked up is probably because you've moved in.
                                                                   39. 00:21:44,439 --> 00:21:45,255 【肯定陈述句】【并列句 + 复合句:原因状语从句】
                                                                                                                                      我必须守护最重要的珍宝。
                                                                                                                                      And I have to protect the one thing that I can't live without.
                                                                   40. 00:22:03,369 --> 00:22:06,015 【肯定陈述句】【复合句:定语从句】
                                                                                                                                                我有个小小的节日问候想要送给曼达林。
                                                                                                                                                Here's a little Holiday greeting I've been wanting to send to the Mandarin.
                                                                   41. 00:29:02,319 --> 00:29:03,672【肯定陈述句(完全倒装)】【复合句:定语从句】
                                                                                                                             我刚想好了措辞。
                                                                                                                            I just didn't know how to phrase it until now.
                                                                   42. 00:29:06,479 --> 00:29:08,385 【否定陈述句】 【简单句】
                                                                                                                                                 不会还有个没见过我的 12 岁小孩在车里等着吧。
                                                                                                                                                 Please don't tell me that there is a 12-year-old kid waiting in the car that I've never met
                                                                   43. 00:33:11,852 --> 00:33:13,099 【否定陈述句】【复合句:直接宾语从句+定语从句】
                                                                                                                             我要向你道歉时间不多,长话短说吧,首先。
                                                                                                                             I've got a lot of apologies to make and not a lot of time, so first off
                                                                   44. 00:41:56,225 --> 00:41:57,092 【肯定陈述句】【简单句】
                                                                                                                                      我很抱歉, 让你身处险境。
                                                                                                                                      I'm so sorry I put you in harm's way
                                                                   45. 00:42:00,959 --> 00:42:02,632 【肯定陈述句】【复合句:宾语从句】
                                                                                                                                                 如果你想继续谈这事,我建议找个安全的地方说话。
                                                                                                                                                 So if you still want to talk about it, I suggest we get ourselves someplace safe.
                                                                   46. 00:47:03,672 --> 00:47:05,049 【肯定陈述句】 【复合句:条件状语从句+宾语从句】
                                                                                                                                           我其实是生物基因编码人员,负责一个 40 人团队归在私费资助的智囊团名下,不过,叫我植物学家也没问
                                                                                                                                           What I actually am is a biological DNA coder running a team of 40 out of a privately-funded think tank, but
                                                                                                                                           sure you can call me a "Botanist".
                                                                   47. 00:47:14,592 --> 00:47:15,979【肯定陈述句】【并列句+ 复合句:主语从句】
                                                                                                                                      而造炸弹的人,他进了地狱,所以没有影子
                                                                                                                                     Except the bomb guy, he went to Hell on account of he didn't get a shadow.
                                                                   48. 00:49:53,532 --> 00:49:55,119 【肯定陈述句】 【复合句: 宾语从句】
                                                                                                                             你最好说得详细点。
                                                                                                                             I need a little more information than that.
                                                                   49. 00:53:49,465 --> 00:53:51,152 【肯定陈述句】【简单句】
                                                                                                                             小子, 你圣诞节想要什么礼物?
                                                                                                                             Hey kid, what would you like for Christmas?
                                                                   50. 00:57:08,225 --> 00:57:10,225 【特殊疑问句】【简单句】
                                                                                                                          感觉如何? 聪明人都这么办事
                                                                                                                          You like that, West World? That's the thing about smart guys.
                                                                   52.00:57:28,032 --> 00:57:31,409 【肯定陈述句】 【简单句】
                                                                                                                          我们总能自保。
                                                                                                                          We always cover our ass.
                                                                   53.00:57:32,019 --> 00:57:33,359 【肯定陈述句】 【简单句】
                                                                                                                                   我只要你回家和你妈待一起管好你的嘴,守好战衣。
                                                                                                                                   What I need is for you to go home, be with your mom, keep your trap shut, and guard the suit.
                                                                   54.00:58:20,992 --> 00:58:23,179 【肯定陈述句】 【复合句: 主语从句】
                                                                                                                                               随时保持电话联系我一打电话你就接,好吗?
                                                                                                                                               And stay connected to the telephone <u>because if I call you, better pick up</u>. Okay?
                                                                   55.00:58:25,885 --> 00:58:27,212 【祈使句】【复合句:原因状语从句+条件状语从句】

                                                                                                                                         I don't know if you can tell but I have like Patterned my whole look after you
                                                                   60.01:04:46,520 --> 01:04:51,016 【否定陈述句】 【并列句+复合句: 宾语从句】
                                                                                                                           我不想让你觉得尴尬。
                                                                                                                           I don't want to make things awkward for you
                                                                   61.01:04:58,360 --> 01:05:00,594 【否定陈述句】【简单句】
                                                                                                                          我有事儿办。在追查坏人,但同时,我要先从机密数据库里弄点资料。
                                                                                                                          I have an issue. I'm chasing bad guys, trying to grapple with something from some hard-crypt data files.
                                                                   62.01:05:22,214 --> 01:05:24,794 【肯定陈述句】【简单句】
                                                                                                                          可是信号不好。
                                                                                                                          I don't have enough juice.
                                                                   63.01:05:26,974 --> 01:05:28,274 【否定陈述句】【简单句】
                                                                                                                          你生命中最意义非凡的一刻是什么
                                                                                                                          What would you regard as the defining moment of your life?
                                                                   64.01:06:05,800 --> 01:06:08,640 【特殊疑问句】【简单句】
                                                                                                                                                        我想那一定是我决定不再受伤痛折磨的那一刻。
                                                                                                                                                        Well uh, I think that would be the day I decided not to let my injury beat me
                                                                   65.01:06:08,687 --> 01:06:10,100 【肯定陈述句 + 否定陈述句】【复合句: 宾语从句+定语从句】
                                                                                                                           -你能对着镜头说出你的名字吗? -艾伦·布兰特。
                                                                                                                           -Can you please state your name for the camera? - Ellen Brant.
                                                                   66.01:06:14,947 --> 01:06:17,860 【一般疑问句】【简单句】
                                                                                                                                          禁止药物上瘾控制不住药瘾的将离开项目。
                                                                                                                                          Addiction will not be tolerated and those who cannot regulate will be cut from the program
                                                                   67. 01:06:22,740 --> 01:06:24,154 【否定陈述句】 【并列句+复合句: 定语从句】
                                                                                                                          曾经是边缘人,残疾人,但现在起,你们会是人类进化的优胜者。
                                                                                                                          Once misfits, cripples, you are the next iteration of human evolution.
                                                                   68.01:06:28,427 --> 01:06:31,240 【肯定陈述句】 【简单句】
                                                                                                                                                           在开始前,我保证,当你回顾人生,作为第一批实验人选,其中的艰苦和荣耀都会让你永生难忘。
                                                                                                                                                           Before we start, I promise you, looking back at your life there will be nothing as bitter as the memory of that
                                                                                                                                                           glorious risk that you prudently elected to forego.
                                                                   69. 01:06:39,634 --> 01:06:42,047 【肯定陈述句】 【复合句: 时间状语从句+直接宾语从句+定语从句】
                                                                                                                             别太苛责自己。
                                                                                                                             You can't be too hard on yourself.
                                                                   70. 01:08:21,207 --> 01:08:22,014 【否定陈述句】【简单句】
                                                                                                                                   我们以前也这样。
                                                                                                                                   That's exactly what we used to do.
                                                                   71.01:08:29,387 --> 01:08:31,187 【肯定陈述句】 【复合句:表语从句】
                                                                                                                                       在对 AIM 的卫星接收设备进行分析后,我成功定位了曼达林视频的来源地。
                                                                                                                                       Once I factored in available AIM downlink facilities, I was able to pinpoint the Mandarin's broadcast signal.
                                                                   72.01:10:41,467-->01:10:44,254 【肯定陈述句】 【复合句: 时间状语从句】
                                                                                                                                   你一直在找这个的答案么?
                                                                                                                                   Is this what you've been chasing around?
                                                                   73.01:19:48,687 --> 01:19:50,133 【一般疑问句】 【复合句:表语从句】
                                                                                                                                   幸运的是,每天躺我身边陪我醒来的人还有灵魂。
                                                                                                                                   I get to wake up every morning with someone who still has a soul.
                                                                   74.01:20:04,873 --> 01:20:09,807 【肯定陈述句】 【复合句: 宾语从句】
                                                                                                                          你是不是因为瑞士的事生气?
                                                                                                                          You're not still pissed about the Switzerland thing, are you?
                                                                   75.01:20:34,180 --> 01:20:36,560 【反义疑问句】 【简单句】
                                                                                                                                   我专门来谢你的。你给了我最棒的礼物比啥礼物都好。
                                                                                                                                   I'm here to thank you. You've given me the greatest gift that anybody's ever given me.
                                                                   76.01:20:39,013 --> 01:20:42,227 【肯定陈述句】 【复合句: 定语从句】
                                                                                                                                               想想当年在瑞士, 你怎么说的, 你说跟我在房顶见, 是吧?
                                                                                                                                               <u>If you think back to Switzerland</u>, you said <u>you'd meet me on the rooftop</u>, right?
                                                                   77.01:20:44,595 --> 01:20:47,873 【肯定陈述句】【复合句:条件状语从句+宾语从句】
                                                                                                                                   说实话,我还在想第一只老鼠为啥吃不到奶酪。
                                                                                                                                   Honestly, I'm still trying to figure out what happened to the first mouse
                                                                   78.01:21:06,047 --> 01:21:07,413 【肯定陈述句】 【复合句: 宾语从句】
                                                                                                                                                          但当我俯瞰城市,没人知道我在那里,没人能看到我,甚至都没人在看。
                                                                                                                                                           But as I looked out over that city, nobody knew I was there, nobody could see me, no one was even looking.
                                                                   79.01:21:09,600 --> 01:21:13,480 【肯定陈述句 + 否定陈述句】 【复合句: 时间状语从句+宾语从句】
                                                                                                                                   一个念头油然而生,并伴随了我这么些年。
                                                                                                                                   I had a thought that would guide me for years to come
                                                                   80.01:21:17,107 --> 01:21:20,660 【肯定陈述句】 【复合句: 定语从句】
                                                                                                                                   总之, 自从雷神都手持锤子从天而降了。
                                                                                                                                   Anyway, the point is ever since that big dude with the hammer fell out of the sky.
                                                                   81.01:21:53,433 --> 01:21:56,100 【肯定陈述句】 【复合句:表语从句】
                                                                                                                          你接下来有什么打算?
                                                                                                                          What's next for you in your world?
                                                                   82.01:22:00,867 --> 01:22:02,327 【特殊疑问句】【简单句】
                                                                                                                                   我是想报答你回赠谢礼,回应你当年善意的礼物。
                                                                                                                                   I wanted to repay you the same gift you so graciously imparted to me.
                                                                   83.01:22:02,367 --> 01:22:03,980 【肯定陈述句】 【复合句: 定语从句】
                                                                                                                          现在她的身体在决定是否接受终极改造。
                                                                                                                          But at this moment the body is trying to decide whether to accept Extremis or just give up.
                                                                   84.01:22:19,813 --> 01:22:22,554 【肯定陈述句】【简单句】
                                                                                                                                       一旦把钢铁爱国者安插进飞机,九到十分钟就可以把事情解决。
                                                                                                                                       Once we get the Iron Patriot installed, it'll take me nine to ten minutes for a take down.
                                                                   85.01:23:52,599 --> 01:23:53,936 【肯定陈述句】 【复合句: 时间状语从句】
                                                                                                                                                嘿,如果你是来逮捕我的,我倒是有几个角色想尝试。
                                                                                                                                                Hey, if you're here to arrest me, there are some people who I'd like to roll on
                                                                   86.01:29:41,136-->01:29:44,346 【肯定陈述句】 【复合句:条件状语从句+定语从句】
                                                                                                                                               情况是这样的, 梅姨。
                                                                                                                                               Here's how it works, Meryl Streep.
                                                                   87. 01:29:44,356 --> 01:29:45,766 【肯定陈述句 (完全倒装)】 【复合句: 主语从句】
                                                                                                                                              他地点没说错的话再过20分钟就能见到珮珀。
                                                                                                                                             If he's right about the location, we are 20 minutes from where Pepper is.
                                                                   88.01:30:36,236 --> 01:30:38,716 【肯定陈述句】 【复合句:条件状语从句+宾语从句】
                                                                                                                                   我正纳闷我在给谁打电话呢。
                                                                                                                                    I wonder who I'm calling right now.
                                                                   89.01:30:41,866 --> 01:30:42,986 【肯定陈述句】【复合句:宾语从句】
                                                                                                                                          我们确信您会卷入曼达林的阴谋之中,所以会尽快送您到安全地方。
                                                                                                                                          We believe you're about to be drawn into the Mandarin campaign, and we've got to get you somewhere safe as soon as possible.
                                                                   90.01:30:51,306 --> 01:30:53,606 【肯定陈述句】 【并列句 + 复合句: 宾语从句】
                                                                                                                          斯塔克先生,我马上要去吃蜂蜜烤火腿了周围全是局里最好的探员。
                                                                                                                          Mr. Stark, I'm about to eat honey roast ham surrounded by the agency's finest
                                                                   91.01:30:55,426 --> 01:30:57,986 【肯定陈述句】 【简单句】
                                                                                                                                    抓你来不只是为了刺激托尼·斯塔克,挺难以启齿的。
                                                                                                                                    Having you here is not just to motivate Tony Stark, it's actually more embarrassing than that.
                                                                   92. 01:38:20,529 --> 01:38:23,889 【否定陈述句+肯定陈述句】 【并列句】
                                                                                                                                              这是你的闲暇爱好喽?
                                                                                                                                              This is <u>how you've been managing your downtime</u>, huh?
                                                                   93.01:43:25,816 --> 01:43:28,062 【肯定陈述句(疑问语调)】 【复合句:表语从句】
                                                                                                                          实在遗憾啊。我就差那么一点就能让她完美。
                                                                                                                          It's a pity. I was so close to having her perfect.
                                                                   94.01:51:02,862 --> 01:51:06,856 【肯定陈述句】【简单句】
                                                                                                                                           但是有一点你错了。
                                                                                                                                            But here's where you're wrong.
                                                                   95.01:51:15,463 --> 01:51:16,984 【肯定陈述句(完全倒装)】 【复合句: 主语从句】
                                                                                                                                             但我打赌这群傻子里没一个人曾带着满胸腔的弹片活着。
                                                                                                                                              But I'll bet none of those idiots ever had to live with a chest full of shrapnel.
                                                                   96. 1:57:04,589 --> 01:57:05,909 【肯定陈述句 + 否定复合句】 【复合句: 宾语从句】
                                                                                                                          能和人分享所有我的想法和经历,让我的压力直降一半。
                                                                                                                          To be able to share all of my intimate thoughts and my experiences with someone, it just cuts the weight of it in half, you know.
```

97. 02:09:19,416 --> 02:09:20,789 【肯定陈述句】【简单句】

伺机屠杀了留守的老幼妇孺。
